

ROOSEVELT SPECIFICATIONS

Minimum weight: 35 lbs.
Maximum weight: 115 lbs.

Minimum height: 33.5 inches
Maximum height: 62 inches

Shoulder width maximum: 15.5 inches
Thigh width maximum: 14.5 inches

Shoulder strap heights:

- 12.5"
- 15"
- 17.25"
- 19.75"
- 22.25"

Padded seat extenders provide optimum seat depth for each leg. Any combination of depths is available.

Left Leg	Right Leg
12.5"	12.5"
15.5"	15.5"
17.0"	17.0"

Height from seat bottom to seat top is 30 inches.

Our "EZ-Tether" system makes tethering unnecessary in most cases, simplifying the installation in older vehicles.

Ask us how we can customize your Roosevelt!

As always, we accept returns and charge NO restocking fees!

THE ROOSEVELT™

A car seat specially designed for children with special health care needs.

OPTIONAL FEATURES

OTHER OPTIONS:
Padded Seat Extenders, Extra Long Harness

"EZ-UP" HEADREST SYSTEM

Developed for children with poor head control, the EZ-Up system enables the child to maintain a natural head position. Use with the EZ-Up Cap™ to restrict forward motion.

"QUICK-CHANGE" INCONTINENT COVER

Eliminate time consuming removal of cover, harness, etc. Just remove the leak proof incontinent cover, wash and replace in no time.

SCOLIOSIS HARNESS

Independent bilateral hip adjusters and extra foam pads allow therapists to optimally position the child by filling any gaps behind the child's back.

"EZ-GUARD" BUCKLE COVER

Designed to prevent the occupant from releasing the car seat harness buckle.

CHEST CLIP GUARD

The chest clip guard prevents the occupant from pushing down or unfastening the chest clip.

"STAY-PUT" POMMEL

The pommel (abductor) stays firmly in place while in use. Pivots away for easy transfer.
